

## 189mm ENGINEERED AMERICAN BLACK WALNUT FLOORING

*Lacquered*

### Appearance General

#### Colour:

- Heartwood ranges from a deep, rich dark brown to a purplish black. Sapwood nearly white to tan. Difference between heartwood and sapwood colour is great.
- Rich chocolate brown, so admired that other woods are often stained to imitate it. Walnut is certain to add warmth and character to your home.

#### Grain:

- Mostly straight and open but some boards have hurred or curly grain. Arrangement of pores is similar to hickories and persimmon, but pores are smaller in size.

#### Variations Within Species And Grades:

- Great variety of colour and figure within species, as well as variation in colour among boards especially true in lower grades.
